## EXPERIENCE

### **Swann Lab, Eugene OR — Undergraduate Research Assistant**

November 2021 - PRESENT

I collect EEG data, make figures, read and discuss neuroscience publications, and collaborate with members of the lab.

### **Math Tutor, Eugene OR — Freelance**

September 2021 - PRESENT

I work with students to better understand math depending on their specific needs..

## EDUCATION

### **University of Oregon, Eugene OR — Neuroscience**

September 2021 - June 2025

I am majoring in neuroscience and minoring in music. I play trumpet in a small jazz combo and a big band.

### **Redwood High School, Larkspur CA — Science**

August 2017 - June 2021

I went to high school here and worked at Round Table Pizza as well as Angel Island.

## PROJECTS

### **[TCGather](#) — Web Application**

A python and flask based project that is currently in progress. Uses geolocation and SQLAlchemy to allow users to create events and contact each other.

### **[Swann Lab Figures](#) — Pandas and Jupyter Notebook**

I create figures for a project in the Swann Lab using Jupyter notebook, pandas, numpy, and python.

## SKILLS

- Python
- Data Collection
- Motor neuroscience
- Behavioral Biology

## AWARDS

**Summit Scholarship** A merit based scholarship for \$10,000 per year at University of Oregon.

## LANGUAGES

Proficient in Spanish

Fluent in English
