Undergraduate student pursuing a degree in mathematics. 1+ year in customer service/retail.

Authorized to work in the US for any employer

Work Experience

Store Associate

KOHLS - Plano, TX

March 2021 to Present

I worked as a store associate at Kohls for about a year.

Habitat for Humanity

2019 to 2020

This organization helped me develop problem solving skills with application to real world scenarios. These skills include being able to efficiently complete assignments, helping others with their assignments, and effectively communicating to seek help with assignments.

- Volunteered in their retail store. Tasks included stocking paint, logistics. worked as a team, organizing papers, and client facing.
- Assisted in building homes for those in need. Job entails tasks such as installing toilets, painting walls, working with a team of volunteers for assignments such as placing tiles, cutting wood, and using versatile tools such as screwdrivers, power tools, and hammers.

Student Ambassador

2018 to 2020

A program in which I alongside a few students work to improve my school in certain areas. I have surveyed several students and have received their feedback on my school.

- Using this feedback, I attempt to improve my school. Improvements include promoting anti-bullying, spreading awareness and attempting to address possible problems in the students' lives, such as stress and methods of approaching these problems, and upholding a positive and accepting environment.
- Has helped me develop leadership skills: I often helped fellow group members. I would ensure my group completes assignments on time and as efficiently as possible. I would distribute work and assignments according to individuals' strengths, weaknesses, and personal preferences.

Education

Bachelor's degree in Mathematics
