Camilo Guzman, currently a College Sophomore at Rutgers University. 20 Years of Age from Elizabeth, New Jersey.

EXPERIENCE

01/2022-CURRENT

FREELANCE DIGITAL MARKETING

Help provide Social Media/Email/Web Development for start up companies. This can include anything from developing their websites, to establishing their Google ads/PCP.

Can Contact Daniel Rendon at 908-368-7156 as a reference, as I worked for him, setting up anything tech related for his newly founded business, AdTree

Example of my work can be seen at <https://adtree.net/>

09/2021-CURRENT

DATA LOGGER- DEAN OF STUDENTS OFFICE, RUTGERS UNIVERSITY

Helping Log and Track any Data we are presented with. Logging which students need which services, and how we can provide any help they need, whether that be temporarily laptops or helping them contact CAPS (Counseling, Alcohol and Other Drug Assistance Program & Psychiatric Services) provided by Rutgers University.

2017-2020

SUMMER CAMP COUNSELOR

Helping Young Children at the Elizabeth Racquet Club (Recreation Center for the Youth in Elizabeth, NJ) for 3 summers straight. Here I was a Counselor and Soccer Coach. This Job has been arguably my favorite throughout my life, as working with others, and helping them excel is my personal strong suit. Getting to

EDUCATION

GRAD YEAR 2024

INFORMATION TECHNOLOGY & INFORMATICS MAJOR, RUTGERS UNIVERSITY

It's okay to brag about your GPA, awards, and honors. Feel free to summarize your coursework too.

GRAD YEAR 2024

DATA SCIENCE MINOR, RUTGERS UNIVERSITY

It's okay to brag about your GPA, awards, and honors. Feel free to summarize your coursework too.

SKILLS

- Great Leader. Coached my Varsity Soccer Team, and enjoys working with others.
- MySQL
- Python

PROJECTS

- Adventure Game (Coded on Github)

With this project, I looked to code a text-based adventure game. The player makes Yes/No choices which determines the storyline, and ultimately whether they win or lose

<https://github.com/CamiloSteez/CamiloSteez/commit/42d7bb7dac84b7721f09be1e7529f83c43e43e27>

- My latest Freelance Project was a website developed for a new startup called AdTree. This recent project allowed me to fully immerse myself into Web Development and apply all the skills I've learned throughout my life.

<https://adtree.net/>

- Weight Converter

For this project, I coded a way to convert pounds to kilos and so on and so forth.

<https://github.com/CamiloSteez/CamiloSteez/blob/main/Weight%20Converter>
