Work Experience

NSLS (NATIONAL SOCIETY OF LEADERSHIP AND SUCCESS)
May 2019 to Present

● Obtained leadership skills and knowledge while joining NSLS. Continued involvement in NSLS took my leadership skills to newer levels.

GentTools
June 2020 to June 2020

● Scripts and other tools created to help while compiling Gentoo and other linux utilities.

Lua programmable Minecraft Bot (MCBot)
May 2019 to May 2019

● MCBot is a programmable Minecraft Bot built for 1.13 servers. This bot can run Lua scripts and run automation tasks in game. Created this bot with a team. Teamwork allowed us to create this automated bot in a very timely manner.
The bot utilizes data structures to perform automated tasks. These tasks are controlled by scripts written in the Lua language.

Java Trivia Game (triviJ)
May 2018 to May 2018

● A trivia game written in Java. The trivia game provides the user with a question and possible answers. The user makes a decision and the program checks to see if the user is right.
► Leadership
