SKILLS AND PROFICIENCIES

- **Platforms**: *Azure, AWS, IBM Cloud*
- ***Software***: *Microsoft Power Platforms, Excel, PowerBI, Tableau*
- **Programming and Packages:** *Python, SQL, Git, PyTorch, Docker, RPA, Linux, Raspberry Pi, Arduino*

- Data Science/Machine Learning
- Teamwork, problem solving
- Stakeholder management and communication skills

LANGUAGES

- English

CERTIFICATIONS

- Microsoft Certified Azure Solutions Architect Expert
- AWS Cloud Solutions Architect Associate
- Microsoft Certified Azure Data Fundamentals
- Microsoft Certified Azure AI Fundamentals
- Microsoft Certified Azure Data Scientist Associate
- Member, American Society of Mechanical Engineers
- Microsoft Certified: Power Platform Fundamentals

WORK HISTORY

Graduate Research Assistant
CyLab-Africa, Kigali | Sep 2021 - Present

- Graduate research assistant on the research study: Exploring practices and habits of mobile money consumers in Africa , and their implications on cybersecurity and financial inclusion.

Data Scientist
AXA Nigeria, Lagos | Oct 2019 - Jul 2021

- Developed and deployed Machine Learning solutions such as: recommender system, employee churn prediction and customer segmentation with deployment using Docker
- Co-convener of the Data Science Community that held monthly meetups within the organization with over 90 community members
- Developed content for a company-wide training on digital literacy and automation with a focus on Microsoft Power Platforms
- Automated several tasks and reporting duties within the organization with Microsoft Power Platforms

Cloud Solutions Architect
MainOne Cable Company, Lagos | Mar 2019 - Oct 2019

- Advised on cloud journey and implemented cloud infrastructure for clients (provisioning, migration, deployment, security) with best practices on AWS and Azure.

EDUCATIONAL BACKGROUND

Master of Science in Engineering Artificial Intelligence
Carnegie Mellon University, Africa | 2021 - Present
3.88/4.0
Dean CIT Scholarship
Data, Inference and Applied Machine Learning, Big Data Analytics, Applied Stochastic Processes, Applications of AI, Deep Learning

Bachelor of Science in Mechanical Engineering
Landmark University, Omu-Aran | 2012 - 2017
First Class (4.68/5.0)
4x HOD's Award recipient for 5.0 GPA
