Work Experience

Undergraduate Teaching and Course-design Assistant
College of the Atlantic - Bar Harbor, ME
June 2021 to Present

Assistance to professor Gray Cox in the design, preparation, and teaching of the course "Human Ecology of Artificial Intelligence", to be offered in winter 2022 at College of the Atlantic. Preparing course materials, raising ideas and questions about Human Ecology, Artificial Intelligence, and Monological and Dialogical Reasoning, and offering technical assistance for computer science, programming, and technology tasks.

Resident Advisor
College of the Atlantic - Bar Harbor, ME
August 2020 to Present

House-community cohesion facilitation, collaborative community mediation, and event and house-maintenance responsibilities coordination in College of the Atlantic's Blair-Tyson residences. Oversaw residence life for three student houses during the 2020-21 academic year. Currently managing two student houses and facilitating communication between the office of student life and the student body.

Network and Website Manager
Society for Human Ecology - Bar Harbor, ME
April 2020 to August 2020

Front end web development, design, and maintenance work, with occasional data entry. Worked collaboratively with Dr Richard Borden and Dr Robert Dybal (co-chairs of the Society for Human Ecology at the time) to set goals and project timelines, and another student worker for front-end and design tasks using HTML, CSS, and JavaScript.

Education

Bachelor of Arts in Human Ecology
College of the Atlantic - Bar Harbor, ME
